

# Module 4: The WTINE Competition Themes

engineers without  
borders ireland

## Overview

## Learning Outcomes

## Duration

The fourth module of this course explores the WTINE competition themes in detail and how they link to the SDGs.

Students learn what the aim of each WTINE theme is and how each theme links with multiple Goals, showing the interlinked nature of the Goals.

Students watch short videos showcasing each of the six WTINE themes: Climate Resilient Infrastructure, Water and Sanitation, Health, Energy, Food Security and Communications. These videos focus on former winning WTINE designs and EWB partner projects.

Students are prompted to explore further case studies in the WTINE handbook.

# Module 4: The WTINE Competition Themes

Overview

Learning  
Outcomes

Duration

**On successful completion of the module, students will be able to:**

- Identify the links between the SDGs and the WTINE themes
- Generate ideas for their designs using insights gained from watching videos of former WTINE designs
- Discuss issues associated with EWB's resilience networks in the context of low and middle income countries (health, water etc)
