

Why should your students do the WTINE Online Course?

- Create opportunities for **student-directed learning and reflection**
- Students develop the ability to **invent and innovate**, not replicate
- Engage students in global development through **fun interactive activities** on Zambia and the WTINE location Sables Nua
- Engage your students in a **deeper analysis of the SDGs** and give them the opportunity to apply them in their work
- **Encourages ideation** about potential design solutions/approaches
- Introduce your students to **design thinking in a real life context**: its complexity and challenges as well as the opportunities

Course Modules

1. Introduction to the “Where There Is No Engineer” (WTINE) Design Program
2. Project Location
3. The Sustainable Development Goals
4. The WTINE Competition Themes
5. Design Thinking
6. The Innovation Academy

EWB Ireland Funders

This resource is funded by Irish Aid at the Department of Foreign Affairs through their Development Education grant scheme, grant number DE/21/A/12. Irish Aid is the government's overseas development programme which supports partners working in some of the world's poorest countries. Irish Aid also supports global citizenship and development education in Ireland to encourage learning and public engagement with global issues. The ideas, opinions and comments herein are the responsibility of EWB Ireland and do not necessarily represent or reflect DFA policy.
